334 Moo 22, Ban Non Pa Tio, Nong Sarai Subdistrict,
Pak Chong District, Nakhon Ratchasima 30130, Thailand

SUMMARY

A creative and detail-oriented designer with a strong interest in visual design and digital experiences. Experienced in UX/UI and web design, with a focus on creating user-friendly interfaces and responsive websites. Enjoys exploring new design ideas and developing visually appealing designs that balance aesthetics and usability.

PROJECT EXPERIENCE

Wanawan - Full-Stack Book Trading & Interactive AI Platform (Senior Capstone Project) **July 2026 – October 2026**

- Contributed to UI design for a book marketplace and exchange platform.
- Created User Personas and User Journey Maps to understand user needs and behaviors.
- Conducted Heuristic Evaluation, Usability Testing, and A/B Testing, including test planning, execution, and result analysis.

Technopolis Website Redesign **November 2025 – February 2026**

- Contributed to the website redesign process, from creating User Personas and Customer Journey Maps to designing new website layouts.
- Assisted with UI design, focusing on color selection, layout, spacing, and typography.

Flower Knows E-commerce Website **July 2025 – October 2025**

- Designed an e-commerce website inspired by AOU's website design and adapted its visual style for Flower Knows.
- Responsible for designing the product carousel section.

Beauty Clinic Website (WordPress) **November 2024 – February 2025**

- Led the design team, overseeing website layouts and promotional product banners for the beauty clinic.
